About LDA Lighting

INTRODUCTION

LDA Lighting is a newly established company providing quality outdoor lighting fixtures. The management and staff have many years experience servicing the lighting and associated industries, specializing in outdoor lighting.

OUR COMMITMENT

LDA Lighting is committed to providing quality products at realistic prices. LDA Lighting only uses high quality material and components in the manufacturing of their outdoor lighting range. 316 Stainless Steel, Solid Copper and extruded aluminum that has been UV stabilized powder coated. High temperature rated 12volt 350 degree rated lamp holders and 250 degree rated Teflon leads are used.

LDA Lighting is committed to product development and regular additions to our range are part of our long term objective to insure that the lighting and associated industries requirements are met.

CUSTOMER SERVICE

The management and staff of LDA Lighting are committed to offering the highest level of customer service which includes product information, prompt delivery and after sales service. Our experienced sales staff offers technical advice and ideas on how best to utilize our product range to create the appropriate effects.

Energy Efficient Fixed Wall Light

AVAILABLE FINISHES

- 4mm machined Aluminum - Black UV stabilized powder coat
- 4mm machined 316 Stainless Steel

LAMP OPTIONS

230-240 volt GU10 max. 11 watt CFL

CODES

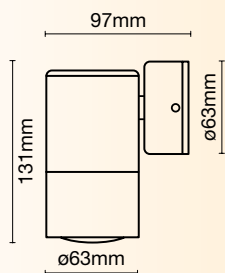

- Black - LD617BL
- 316 Stainless Steel - LD617SS

GU10 LAMP HOLDER

Double insulated ceramic 250 degree rated lamp holder

LENS

Tempered glass

Energy Efficient Adjustable Wall Light

AVAILABLE FINISHES

- 4mm machined Aluminum - Black UV stabilized powder coat
- 4mm machined 316 Stainless Steel

LAMP OPTIONS

230-240 volt GU10 max. 11 watt CFL

CODES

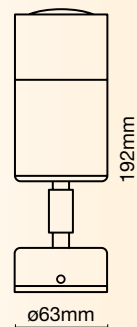

- Black - LD616BL
- 316 Stainless Steel - LD616SS

GU10 LAMP HOLDER

Double insulated ceramic 250 degree rated lamp holder

LENS

Tempered glass

Energy Efficient Up/down Wall Light

AVAILABLE FINISHES

- 4mm machined Aluminum - Black UV stabilized powder coat
- 4mm machined 316 Stainless Steel

LAMP OPTIONS

230-240 volt GU10 max. 11 watt CFL

CODES

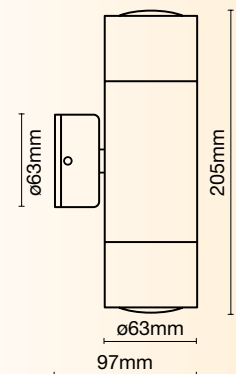

- Black - LD615BL
- 316 Stainless Steel - LD615SS

GU10 LAMP HOLDER

Double insulated ceramic 250 degree rated lamp holder

LENS

Tempered glass

ENERGY EFFICIENT RANGE WARRANTY

- Powder coated aluminum - 5 Years
- 316 Stainless Steel - 10 Years

Please refer to LDA Lighting warranty policy for conditions.

Up/down Wall Light

AVAILABLE FINISHES

- 7mm machined Aluminum - Black UV stabilized powder coat
- 7mm machined Solid Copper
- 7mm machined 316 Stainless Steel

LAMP OPTIONS

12volt MR16 max.20watt

CODES 12 volt version

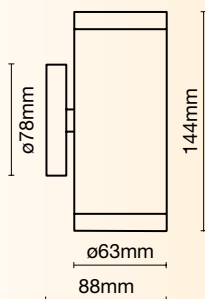

- Black - LD603BL
- Solid Copper - LD603COP
- 316 Stainless Steel - LD603SS

12 VOLT LAMP HOLDER

GU5.3 350 degree rated lamp holder with 250 degree teflon cables

LENS

Tempered glass. Lifetime replacement warranty on glass lens

Adjustable Wall Light

AVAILABLE FINISHES

- 7mm machined Aluminum - Black UV stabilized powder coat
- 7mm machined Solid Copper
- 7mm machined 316 Stainless Steel

LAMP OPTIONS

12volt MR16 max.50watt

CODES 12 volt version

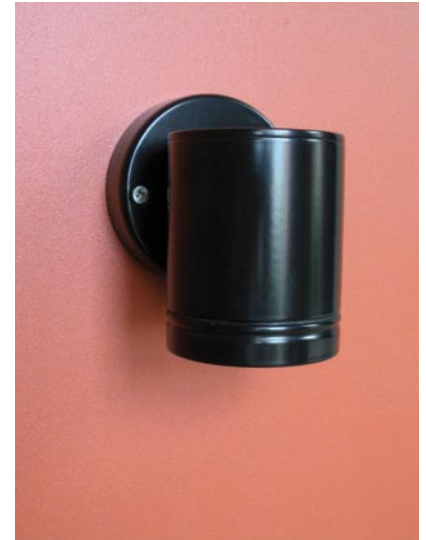

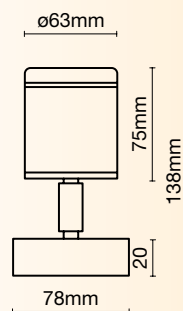

- Black - LD605BL
- Solid Copper - LD605COP
- 316 Stainless Steel - LD605SS

12 VOLT LAMP HOLDER

GU5.3 350 degree rated lamp holder with 250 degree teflon cables

LENS

Tempered glass. Lifetime replacement warranty on glass lens

Fixed Wall Light

AVAILABLE FINISHES

- 7mm machined Aluminum - Black UV stabilized powder coat
- 7mm machined Solid Copper
- 7mm machined 316 Stainless Steel

LAMP OPTIONS

12volt MR16 max.50watt.

CODES 12 volt version

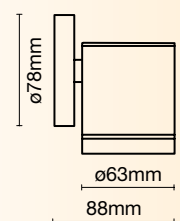

- Black - LD607BL
- Solid Copper - LD607COP
- 316 Stainless Steel - LD607SS

12 VOLT LAMP HOLDER

GU5.3 350 degree rated lamp holder with 250 degree teflon cables

LENS

Tempered glass. Lifetime replacement warranty on glass lens

WALL LIGHT RANGE WARRANTY

- Powder coated aluminum - 5 Years
- Solid Copper and 316 Stainless Steel - 10 Years

Please refer to LDA Lighting warranty policy for conditions.

350mm Bollard

AVAILABLE FINISHES

- 7mm machined Aluminum - Black UV stabilized powder coat
- 7mm machined Solid Copper
- 7mm machined 316 Stainless Steel

LAMP OPTIONS

12volt MR16 max.50watt

CODES 12 volt version

- Black - LD610BL
- Solid Copper - LD610COP
- 316 Stainless Steel - LD610SS

12 VOLT LAMP HOLDER

GU5.3 350 degree rated lamp holder with 250 degree teflon cables

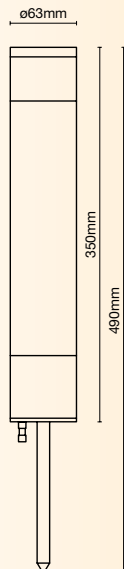

LENS

Acrylic. Lifetime replacement warranty on acrylic lens

WARRANTY

- Powder coated aluminum - 5 Years
- Solid Copper and 316 Stainless Steel - 10 Years

Please refer to LDA Lighting warranty policy for conditions.

750mm Bollard

AVAILABLE FINISHES

- 7mm machined Aluminum - Black UV stabilized powder coat
- 7mm machined Solid Copper
- 7mm machined 316 Stainless Steel

LAMP OPTIONS

12volt MR16 max.50watt.

CODES 12 volt version

- Black - LD609BL
- Solid Copper - LD609COP
- 316 Stainless Steel - LD609SS

12 VOLT LAMP HOLDER

GU5.3 350 degree rated lamp holder with 250 degree teflon cables.

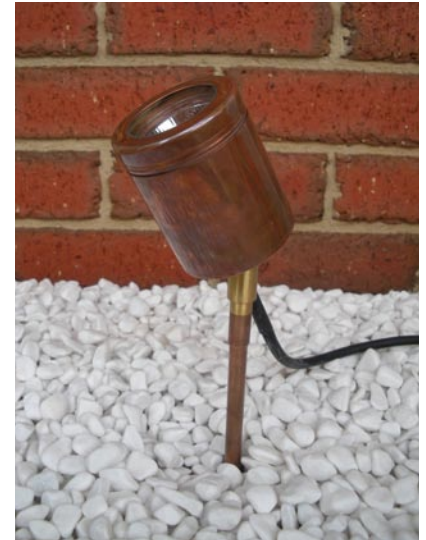

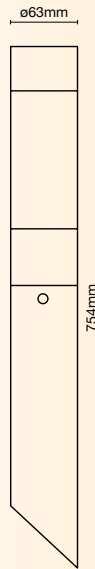

LENS

Acrylic. Lifetime replacement warranty on acrylic lens.

WARRANTY

- Powder coated aluminum - 5 Years
- Solid Copper and 316 Stainless Steel - 10 Years

Please refer to LDA Lighting warranty policy for conditions.

Spike Adjustable

AVAILABLE FINISHES

- 7mm machined Aluminum - Black UV stabilized powder coat
- 7mm machined Solid Copper
- 7mm machined 316 Stainless Steel

LAMP OPTIONS

12volt MR16 max.50watt

CODES 12 volt version

- Black - LD601BL
- Solid Copper - LD601COP
- 316 Stainless Steel - LD601SS

12 VOLT LAMP HOLDER

GU5.3 350 degree rated lamp holder with 250 degree teflon cables

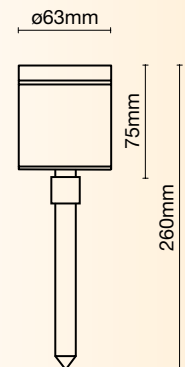

LENS

Tempered glass. Lifetime replacement warranty on glass lens

WARRANTY

- Powder coated aluminum - 5 Years
- Solid Copper and 316 Stainless Steel - 10 Years

Please refer to LDA Lighting warranty policy for conditions.

Inground Light

AVAILABLE FINISHES

- 316 Stainless Steel flange with aluminum body

LAMP OPTIONS

12volt MR16 max.35watt

CODES 12 volt version

- 316 Stainless Steel - LD701SS

12 VOLT LAMP HOLDER

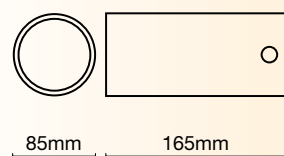

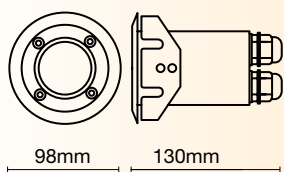

GU5.3 350 degree rated lamp holder with 250 degree teflon cables

LENS

Tempered glass. Lifetime replacement warranty on glass lens

WARRANTY

- 316 Stainless Steel - 5 Years
- Please refer to LDA Lighting warranty policy for conditions.

Recessed Wall Light

AVAILABLE FINISHES

- 7mm machined Aluminum - Black UV stabilized powder coat
- 7mm machined Solid Copper
- 7mm machined 316 Stainless Steel

LAMP OPTIONS

12volt MR16 max.20watt

CODES

- Black - LD602BL
- Solid Copper - LD602COP
- 316 Stainless Steel - LD602SS

12 VOLT LAMP HOLDER

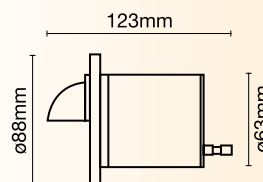

GU5.3 350 Degree rated lamp holder with 250 degree teflon cables

LENS

Tempered glass. Lifetime replacement warranty on glass lens

WARRANTY

- Powder coated aluminum - 5 Years
 - Solid Copper and 316 Stainless Steel - 10 Years
- Please refer to LDA Lighting warranty policy for conditions.

Anti Glare Reflector

AVAILABLE FINISHES

- Machined Aluminum- Black UV stabilized powder coat
- Machined Solid Copper
- Machined 316 Stainless Steel

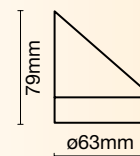

CODES

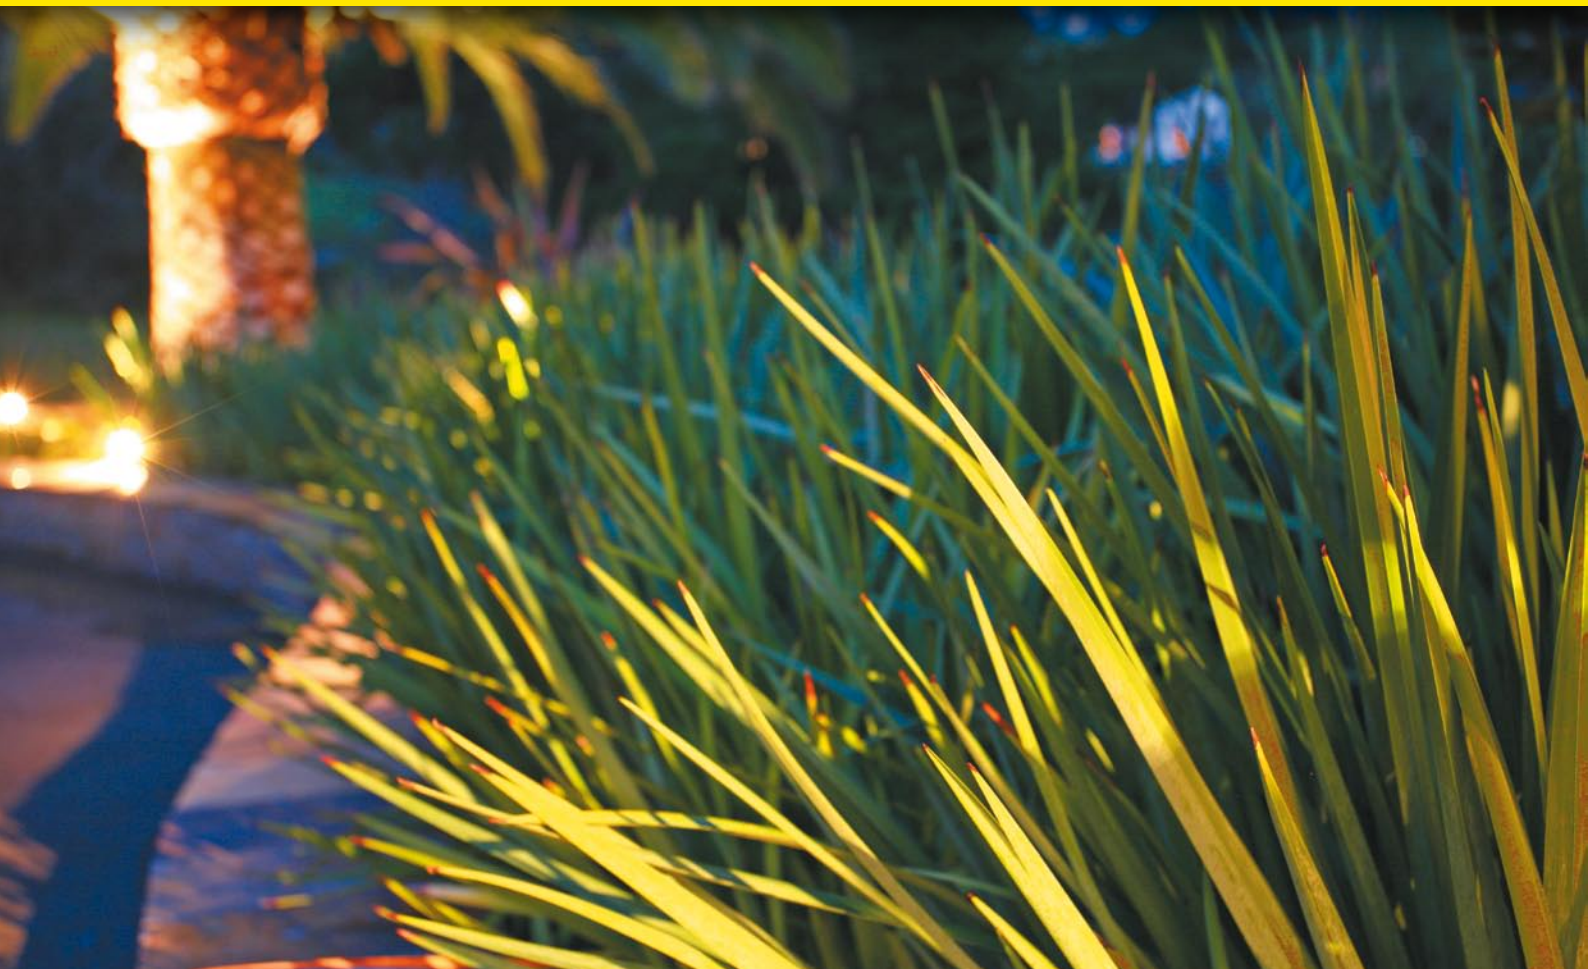

- Black - LD611BL
- Solid Copper - LD611COP
- 316 Stainless Steel - LD611SS

WARRANTY

- Powder coated aluminum - 5 Years
- Solid Copper and 316 Stainless Steel - 10 Years

Please refer to LDA Lighting warranty policy for conditions.

Warranty

5 YEAR WARRANTY

All aluminum fittings from LDA Lighting have a five year warranty subject to conditions listed below.

10 YEAR WARRANTY

All solid copper and 316 stainless steel fittings from LDA Lighting have a 10 year warranty subject to conditions below.

CONDITIONS

Carefully consider the environment that the light fittings will be installed as aluminum light fittings are not recommended for highly corrosive conditions such as salt environment applications. Aluminum fittings may not be covered by the warranty in these situations. Please contact your local stockist or LDA Lighting for more information.

Warranty does not include globe/s, lamp holder/s or lamp holder leads, all of which are classified as consumable items.

Warranty may be void if the light fitting is damaged by mishandling, incorrect installation or operation, any modifications or changes made to the light fitting and not maintained as per the instructions such as cleaning.

All 240v light fittings must be installed by a qualified electrical contractor or persons authorized by law to work on the fixed wiring of any electrical installation. Unless proof of purchase and proof of work carried out by a qualified electrical contractor (where applicable) is supplied the warranty may be void.

LDA Lighting reserves the right to repair or replace at its discretion any product deemed to have manufacturing and/or workmanship defect.

Manufacturers design and specifications may change without notice.
